

Kids' Zone

Kids' Zone provides opportunities for all participants to develop a positive self-image through experiences in a fun, friendly, structured and safe environment. Participants will develop their social skills through interaction and different activities including problem solving, teamwork and following basic directions. This program creates a stimulating and creative environment, where children are able to choose their own activities and projects that allow them to learn and grow at their own rate.

The Kids' Zone program is a cooperative program between the Geneva School District and the Geneva Park District available to students in grades K-5th, attending Harrison, Western, Williamsburg, Heartland, Fabyan and Mill Creek Elementary Schools.

Our goal is to provide a program that strongly supports the six pillars of character: trustworthiness, respect, responsibility, fairness, caring and citizenship. "Character Counts" and benefits of a healthy lifestyle will be incorporated in all aspects of Kids' Zone. A basic schedule will be followed each day that may include physical activities such as kickball or link tag, team building activities, arts and crafts, a daily snack and homework time. Schedules will vary based on needs of children and space available.

Registration Day is March 1st
 You can drop off registration forms beginning February 18th however, they will not be processed until March 1st.
