## Parent News

We have been back from holiday break for over a month, can you believe it?! Well this month we have a very exciting month planned for the kids. Each leader took a week of their own to plan so your children will be experiencing many new activities whether it be: military week with Andrew, learning a little more about nature with Marisa, working on their sport skills with Brandon, and trying to finally find Nemo with Kathryn. Each of these weeks will bring new ideas and new activities for your children to learn about and participate.

I am pleased to announce that Andrew has once again joined us after his long and difficult hiatus, but with every piece of great news there is a piece of not so great news. Our beloved leader Maxx has left us to pursue his career.

Please feel free to contact me via email, telephone, or in person if there are ever any questions or concerns.

## Kids' Zone Reminders

As the weather continues to get colder, remember to send your child with the proper warm clothes! We will continue to get them out there to get some fresh air!

Make sure that you are signed up for the day off trip! The trip will be on Feb 20th to laser tag! The forms can be picked up at the Kids' Zone site or at the Sunset Community Center.
