- 4) Better record against proceeding highest seed.
- 5) So on until all teams used.
- 6) If still tied, Coin Toss

* **Example:** If top 2 seeds are tied then we would take their record against the number 3 seed and move down. If the bottom 2 seeds are tied then we would take the 6 seed and move up. If any 2 in the middle are tied we will take the next highest seed and move up until we hit the top. Then start from bottom.
