

Geneva Park District

Youth Softball Leagues

The Geneva Park District's Youth Softball is designed as a comprehensive program for girls in grades 2-8. It is much more than a sports league; it is a program that requires a lot of energy from a thoughtful, creative, concerned group of parents and volunteer coaches.

Youth having fun is the key. That key opens doors to friendships, individual physical skills, personal values, and closer families.

The softball leagues involve practice, fair play discussions, games and family involvement. It starts with a team of young players and a volunteer coach. Each individual sets her goals and works toward them with the help of her teammates, coaches and family.

The role of the softball parent is very important. Your child needs your encouragement, your participation, your patience and your understanding. Winning is not everything. It is part of competition, but each child needs your help in keeping it in perspective. Each child grows at a different speed. Let each child set her own goals and then help them to reach their goals.

The experiences youth have with sports set attitudes towards sport and recreation for life. We hope the Geneva Park District softball experience will help each child learn to do her best and have fun!

Geneva Park District Youth Sports Philosophy

The Geneva Park District Youth Sports Philosophy states that every child should have a chance to play equally and fairly no matter what her skill or ability level. Our main goal is to teach your children the skills and fundamentals of softball while keeping the game fun!

Please remember to respect your child's coach and the league umpires. Coaches are individuals who are volunteering their personal time and effort to provide a safe and fun learning experience. Also, please remember that umpires are human and will make mistakes. Please respect their calls and be polite when talking to them, as they will do the same to you.

All Girls' Softball League coaches are volunteer coaches and are generally parents of daughters in the leagues. The Geneva Park District would like everything to go as smoothly as possible with all aspects of the league. Please keep the following suggestions in mind when dealing with the coaches.

1. **Treat the coaches with respect** → They are giving their time freely and willingly to work with your child as well as the rest of the team. Give them the courtesy to let them know when your child will miss a practice or game.
2. **Do not tell the coach how to coach** → First of all, the coach volunteered for the job, so let him/her coach. Secondly, not all people agree on how to coach the specific skills and the progression of those skills. If you disagree with the coach's techniques, please talk to the coach and find out why he/she is doing things in a particular manner. If you still disagree, pleasantly offer some suggestions or get in there and help out.
3. **Be involved in your daughter's experience** → The coach has only limited time when he/she can work with the team. Spend some time watching the practices so you can go home and work on the skills that were taught. Your daughter will benefit from the extra practice. The coach will benefit in that he/she will not have to re-teach the same skills over and over again. The team will benefit from the ability to play together better. Last, but not least, your family will benefit from spending more quality time together.
4. **Let the coach coach** → During the game, the coaches should be the only ones giving instructions to the girls. They are the ones that are teaching them what to do and how to do it together. Instructions yelled from the stands only serve to undermine what the coaches are attempting to do and, in turn, confuse the girls on the field. Support all the players playing by cheering loudly and positively, but think before you decide to make any comments to the girls, coaches, or umpires.

22. All players must wear their complete uniform.
23. A player who misses a game or practice without a pre-excused reason will sit the first two innings of the next game and will be placed at the end of the batting order. Players must contact the head coach to notify him/her that they will not be attending practice/game.
25. Coaches are responsible for their players and spectators. All problems should be referred to Mike at the Geneva Park District.

Parent Responsibilities

Responsibilities to the Child

1. Find out what your child wants from sport with respect to their sport participation. Most children want the opportunity to choose, first whether to participate at all, and then in which sport and at what level of competition. They want to set their own participation goals.
2. Parents should provide a supportive atmosphere conducive to their children's participation. What parents must be alert to; however, is the subtle difference between creating a positive atmosphere for sport participation and pressuring or nudging their children into sports.
3. Parents are responsible for determining when their children are ready to begin playing sports, for setting limits on their participation, and for ensuring that the conditions for playing are safe.
4. Parents need to protect their children from abusive coaches. They should know what kind of person they are turning their children over to. They should evaluate whether coaches conduct themselves in ways that are beneficial to their children. Parents always have the right to approach the program director about conditions that could be physically or psychologically harmful.
5. Parents have the enormous responsibility to help their children develop realistic expectations of their capabilities in sports. This means that parents must have realistic expectations about their children. Children with unrealistically high expectations are often frustrated in sports, for even when they perform near their capabilities, their aspirations remain unfulfilled.
6. Parents have the responsibility to help their children interpret the experiences associated with competitive sports. Parents particularly can help children understand the significance of winning and losing.

Responsibilities to the team

1. Parents should cooperate with the team's coaches by turning their child over to the coaches and supporting their actions as long as they are providing a physically and psychologically safe environment.
2. Parents are responsible for informing the coaches of their child's physical and mental condition whenever this condition may place the child at risk. Parents should inform the coach of any allergies or special health conditions their child has. Parents should also make sure their child brings any necessary medications to competitions and practices.
3. Parents need to make sure that their children behave when participating in the sport and discipline them when they do not. When a child misbehaves, parents should grant coaches the right to discipline the child within reasonable limits.
4. Parents should provide the equipment their child needs to play the sport safely. They also need to be sure the equipment stays in good repair and is used properly by their child.
5. Parents should behave appropriately as spectators. (Look at the following page)
6. Parents should feel obliged to help conduct the sport program in which their child participates. There are many ways to help out that do not take a lot of time.

SOFTBALL SEASON

The Geneva Park District hopes that your child has a very enjoyable season playing softball and that they learn many new skills and fundamentals. Below are important policies and procedures for yourself and your child to be familiar with as you head into the season.

Your child should:

1. **BE ON TIME!** Arrive to practices or games at least 5 minutes before the scheduled start time.
2. Make a commitment to go to every practice and game.
3. Listen to the coach. Players should stay on the bench while they are not playing and pay attention to what is happening on the field.

The following policies are extremely important and must be read and understood by the parents and participants.

A. UNSPORTSMANLIKE CONDUCT RULE: If any player uses foul/vulgar language, throws/kicks equipment or behaves in any manner that is deemed detrimental to her team, coach or league, that player will:

1st violation -- Sit out the remainder of the current game or the next scheduled game if the violation occurs at practice or after a game. The coach will notify the Supervisor and the Supervisor will notify their parents.

2nd violation -- Sit out the remainder of the game and the next scheduled game. Parents will be notified. Player must be dressed and sitting on the bench during their suspension.

3rd violation -- Be dropped from the team. Parents will be notified

B. ATTENDANCE POLICY: Any player who does not attend a practice/game without a **pre-excused** reason will forfeit equal playing time at the following game. Players must notify their coach prior to practice or game in order to be pre-excused. The reason for the absence does not have to be disclosed.

Please proceed to the Parent Code of Ethics. Please sign it and turn in to your coach before the first game.

Geneva Park District Parents' Code of Ethics

I hereby pledge to provide positive support, care, and encouragement for my child participating in youth sports by following this Parents' Code of Ethics Pledge.

I will encourage good sportsmanship by demonstrating positive support for all players, coaches and officials at every game, practice or other youth sports event.

I will place the emotional and physical well being of my child ahead of a personal desire to win.

I will insist that my child play in a safe and healthy environment.

I will support coaches and officials working with my child, in order to encourage a positive and enjoyable experience for all.

I will demand a sports environment for my child that is free of drugs, tobacco and alcohol, and will refrain from their use at all youth sports events.

I will remember that the game is for youth -- not for adults.

I will do my very best to make youth sports fun for my child.

I will ask my child to treat other players, coaches, fans and officials with respect regardless of race, sex, creed or ability.

I promise to help my child enjoy the youth sports experience by doing whatever I can, such as being a respectable fan, assisting with coaching or providing transportation.

I will require that my child's coach be trained in the responsibilities of being a youth sports coach and that the coach upholds the Coaches' Code of Ethics.

***This form must be signed and turned in to your coach on or before the first game. Please keep a copy for yourself and place it somewhere that is always visible.**
